

DEADWOOD

Deadwood is a place that had a lot of gold during the gold rush miners used this place for staying while they were mining.

when I first heard of deadwood i thought a lot of people died but i was wrong its actually very interesting to learn about.

Deadwood was named after deadwood gulch it was named that because the many dead trees living there.

Deadwood is so famous it even got its own

show named after it and about its history.

Deadwood is a fascinating place its also interesting also a bit scary if we were living there in the 1800 than

Deadwood in the 1800s had the most gold in the state.

Here is a real Deadwood picture during the 1800s
